

Am bōk wā eo etan Human papillomavirus vaccines ak ej juon kij eo ej ilok non eo juon ilo ien an lio im leo bed ibben dron (Human papillomavirus, HPV), im ekkeini am bed ilo jermal in etale Pap emaroñ lomoren elōñ mour – ak bōlen mour eo am make.

## Wōn ro kauatata jab-in ejelet er?

Enañin aolep rein rebōk kānjōr in jikin-mour an kōra ej walok jen HPV, ekka an walok jen bairōj eo ej ajeded ilo ien eo rej bed ibben dron. Kinjen HPV eo ekkā an walok im ilo juōn ak ruo wewen ko enaj walok ilo ien mour ko aer. Kobatat jikka ej bareinwōt kōllab lok kānjōr ilo jikin-mour an kora.

Jikin taktō eo am emaroñ kwalok joñan jorren in kin yiō drettam, am kar taktō koba uno ko limōm, im wewen am mour; im maroñ loe jermal in etale ko im wā eo kwoj aikuji.

**Jumae  
kānjōr.**

## Kwe MAROÑ bōbrae jorren in kānjōr ilo jikin-mour an kora:

- Bok wā eo an HPV, elane ekkar bwe kwon bok e;
- Bed ilo aolep ien kakkōlkōl ko an kakkōlkōl ko an Papanicolaou (Papanicolaou test, Pap) im HPV; im
- Jolok am kōbatat jikka (kim maroñ jipañ yuk!).

## Bōk wā eo im kakkōlkōl ko, im kwōj aikuji jelā wewen aer walok:\*

- Wā eo an HPV rej non yiō ko mokta jen yiō in jodrikdrik ak aolep ro rej ilal in 26 yio drettaer ro rejanin kar bōk e.
- Ritto ro ikōtaan 27 im 45 yio drettaer remaroñ bōk wā in. Kajjitōk ibben Taktō eo am.
- Bōk jermal in kakkōlkōl ko an Pap im bwe en dedelok am bōk kakkōlkōl in HPV.
- An kōra ro toor lok ilo ien aer jab toor, einwōt ilo elikin aer bed ibben dron ak ikōtaan ien naninmij in kōra.
- Metak in majjōl eo etan Pelvic, ak ilo ien bed ibben dron.
- Wewen am bwidej emaroñ itok jen kinej ko, ak wewen ko jet.

Am eñjake menin emaroñ walok jen wewen ko jet **rejab** kānjōr.

Elañe kwōj kile eñjake rot in, kair im kur lok jikin ājmour eo an ien eo emōkaj tata.

\*Mokta lok wōt, kānjōr in jikin mour an kōra maroñ jab kile kiō wōt, eñin unin jermal in kakkōlkōl elap an aorōk.

Kōllab lok am katak kin wā in HPV im ewi wewen an maroñ kejarok yuk jen kānjōr.  
Kejermal e QRC in non am aluje. —>
